

## Who can get in touch?

AYC can help all kinds of people. You just have to be aged 5 to 18 and be a carer in Nottingham City. It doesn't have to be you who gets in touch with the service; you might be someone who simply knows of a young carer who could do with some help.

### For example:

- A child or young person who thinks they might be a carer
- A parent or other family member
- A person who works with children or young people such as a teacher, social worker, health professional, youth worker or volunteer.
